

Move-In Checklist

FILL IN TOGETHER

What to buy, what to bring, what to leave at home, and the paperwork that must be done before move-in day — separated so you do not buy a printer nobody uses.

When: July and August before first term

Do this before you buy anything

- ☐ Read the college's own list of what is banned in the room
- ☐ Message the roommate about who brings what big item
- ☐ Check what the room already has (fridge, microwave, lamp, bedding size)
- ☐ Confirm the bed size — many are extra-long twin, not twin

Paperwork that stops move-in if it is missing

- ☐ Immunisation records submitted
- ☐ Health form completed by a doctor
- ☐ Health insurance card, or waiver filed if using a family plan
- ☐ Housing contract signed and deposit paid
- ☐ Meal plan chosen
- ☐ Tuition bill paid or payment plan set up
- ☐ Student ID photo uploaded
- ☐ FERPA release signed, if you have agreed the parent may see records

To buy

Item	Have it	Buy it	Cost

Leave at home

Every family over-packs. Write what stays, and mean it.

WORTH KNOWING

- ◆ Buy half of what you think. The campus shop and a first-week trip cover the rest.
- ◆ Nothing important should be bought before the roommate conversation.
- ◆ Without a signed FERPA release, the college legally cannot discuss grades or bills with a parent.
