

Weekly Habit Tracker

FILL IN TOGETHER

Five habits, seven days, one page. Deliberately small — the point is to notice a pattern, not to score yourself.
When: Any week. Print a stack.

Pick up to five habits

Write them in the rows. Small and specific beats ambitious: "walk 10 minutes" not "exercise".

	Mon	Tue	Wed	Thu	Fri	Sat	Sun

How the week felt

Energy

EMPTY 1 2 3 4 5 GOOD

Sleep

POOR 1 2 3 4 5 RESTED

Stress

OVERWHELMED 1 2 3 4 5 MANAGEABLE

What helped, and what got in the way

One thing I am changing next week

WORTH KNOWING

◆ Three habits done beats seven habits attempted.

◆ A missed day is data, not failure. Start the next row.

◆ Track the week you feel worst. That is the week the pattern shows up.
